

## KT1075TR Avigo RC Coupe Technical Bulletin – Battery Location

The 6 volt battery is located under the rear electric controls (note picture).

The battery is encased in a sealed compartment. The compartment is accessible should you need to replace the battery at any time. Please consult the Avigo RC Coupe owner's manual for complete instruction on battery replacement.

Please contact us if you have any additional questions or comments on your Avigo RC Coupe. We appreciate your business!

Kind regards,
